

Moo Deng

Moo Deng (born 10 July 2024) is a pygmy hippopotamus living in Khao Kheow Open Zoo in Si Racha, Chonburi, Thailand.^{[1][2]} She became a popular Internet meme at two months of age after images of her went viral online in September 2024.

Background

Moo Deng was born on 10 July 2024 to parents Tony and Jonah. She has two full siblings (Nadet and Moo Tun) and four half-siblings (Ko, Kanya, Phalo, and Moo Wan).^[3] The name *Moo Deng* (Thai: หมูเต๋ง, RTGS: mu deng, pronounced [mǔː dɛ̌ŋ]) was chosen through a public poll, with over 20,000 people voting for it. It translates to 'bouncy pork' or 'bouncy pig' in English.^{[4][5][6][7]}

Online popularity

Khao Kheow Open Zoo posted images of its pygmy hippopotamuses on its official Facebook page, and Moo Deng quickly became a favorite among fans.^[8] Moo Deng is noted to be more playful and energetic than other hippopotamuses. In response to her popularity, the zoo began selling clothing and other merchandise featuring designs based on Moo Deng.^{[4][9][10]} Moo Deng has become the subject of many pieces of fan art.^[11]

Due to Moo Deng's viral online popularity, the number of daily visitors to the zoo doubled in early September 2024.^{[12][13]} Around this time, some visitors have harassed the baby by

Welfare concerns

Animal welfare groups have expressed concern for Moo Deng. A spokesperson for People for the Ethical Treatment of Animals said, "She faces a lifetime of confinement," while World Animal Protection said, "Sharing Moo Deng content might seem innocuous, but it promotes cruelty to animals."^[24] The zoo's director, Narongwit Chodchoi, rejected the allegations and maintained that the facility ensures the welfare and quality of life for more than 2,000 animals.^[24] The Thai Society for the Prevention of Cruelty to Animals said that Moo Deng was well taken care of and that PETA was relying on "outdated" information.^[24]
